Company Overview

Netas at a glance

Turkey's #1 System Integrator

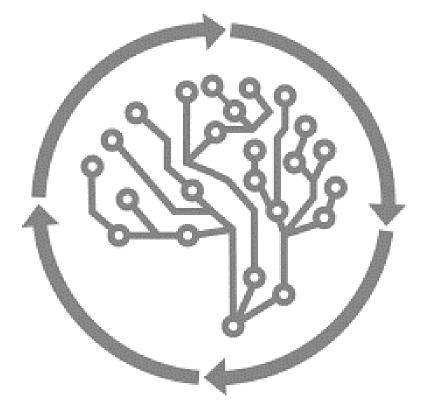

2015 & 2016 Top 500 ICT Companies Survey – "Systems Integrator Of The Year"

Solid R&D experience in **IT** sector

\$500M software exports within last 10 years Turkey's 1st private R&D center (1973)

Ability to deliver services to all locations in 81 cities nationwide and beyond national

Strong service capacity

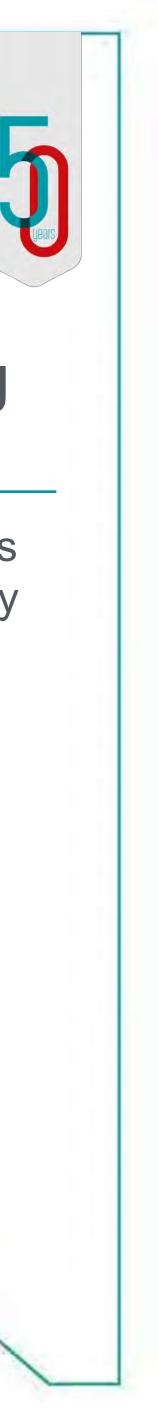

Regional Hub

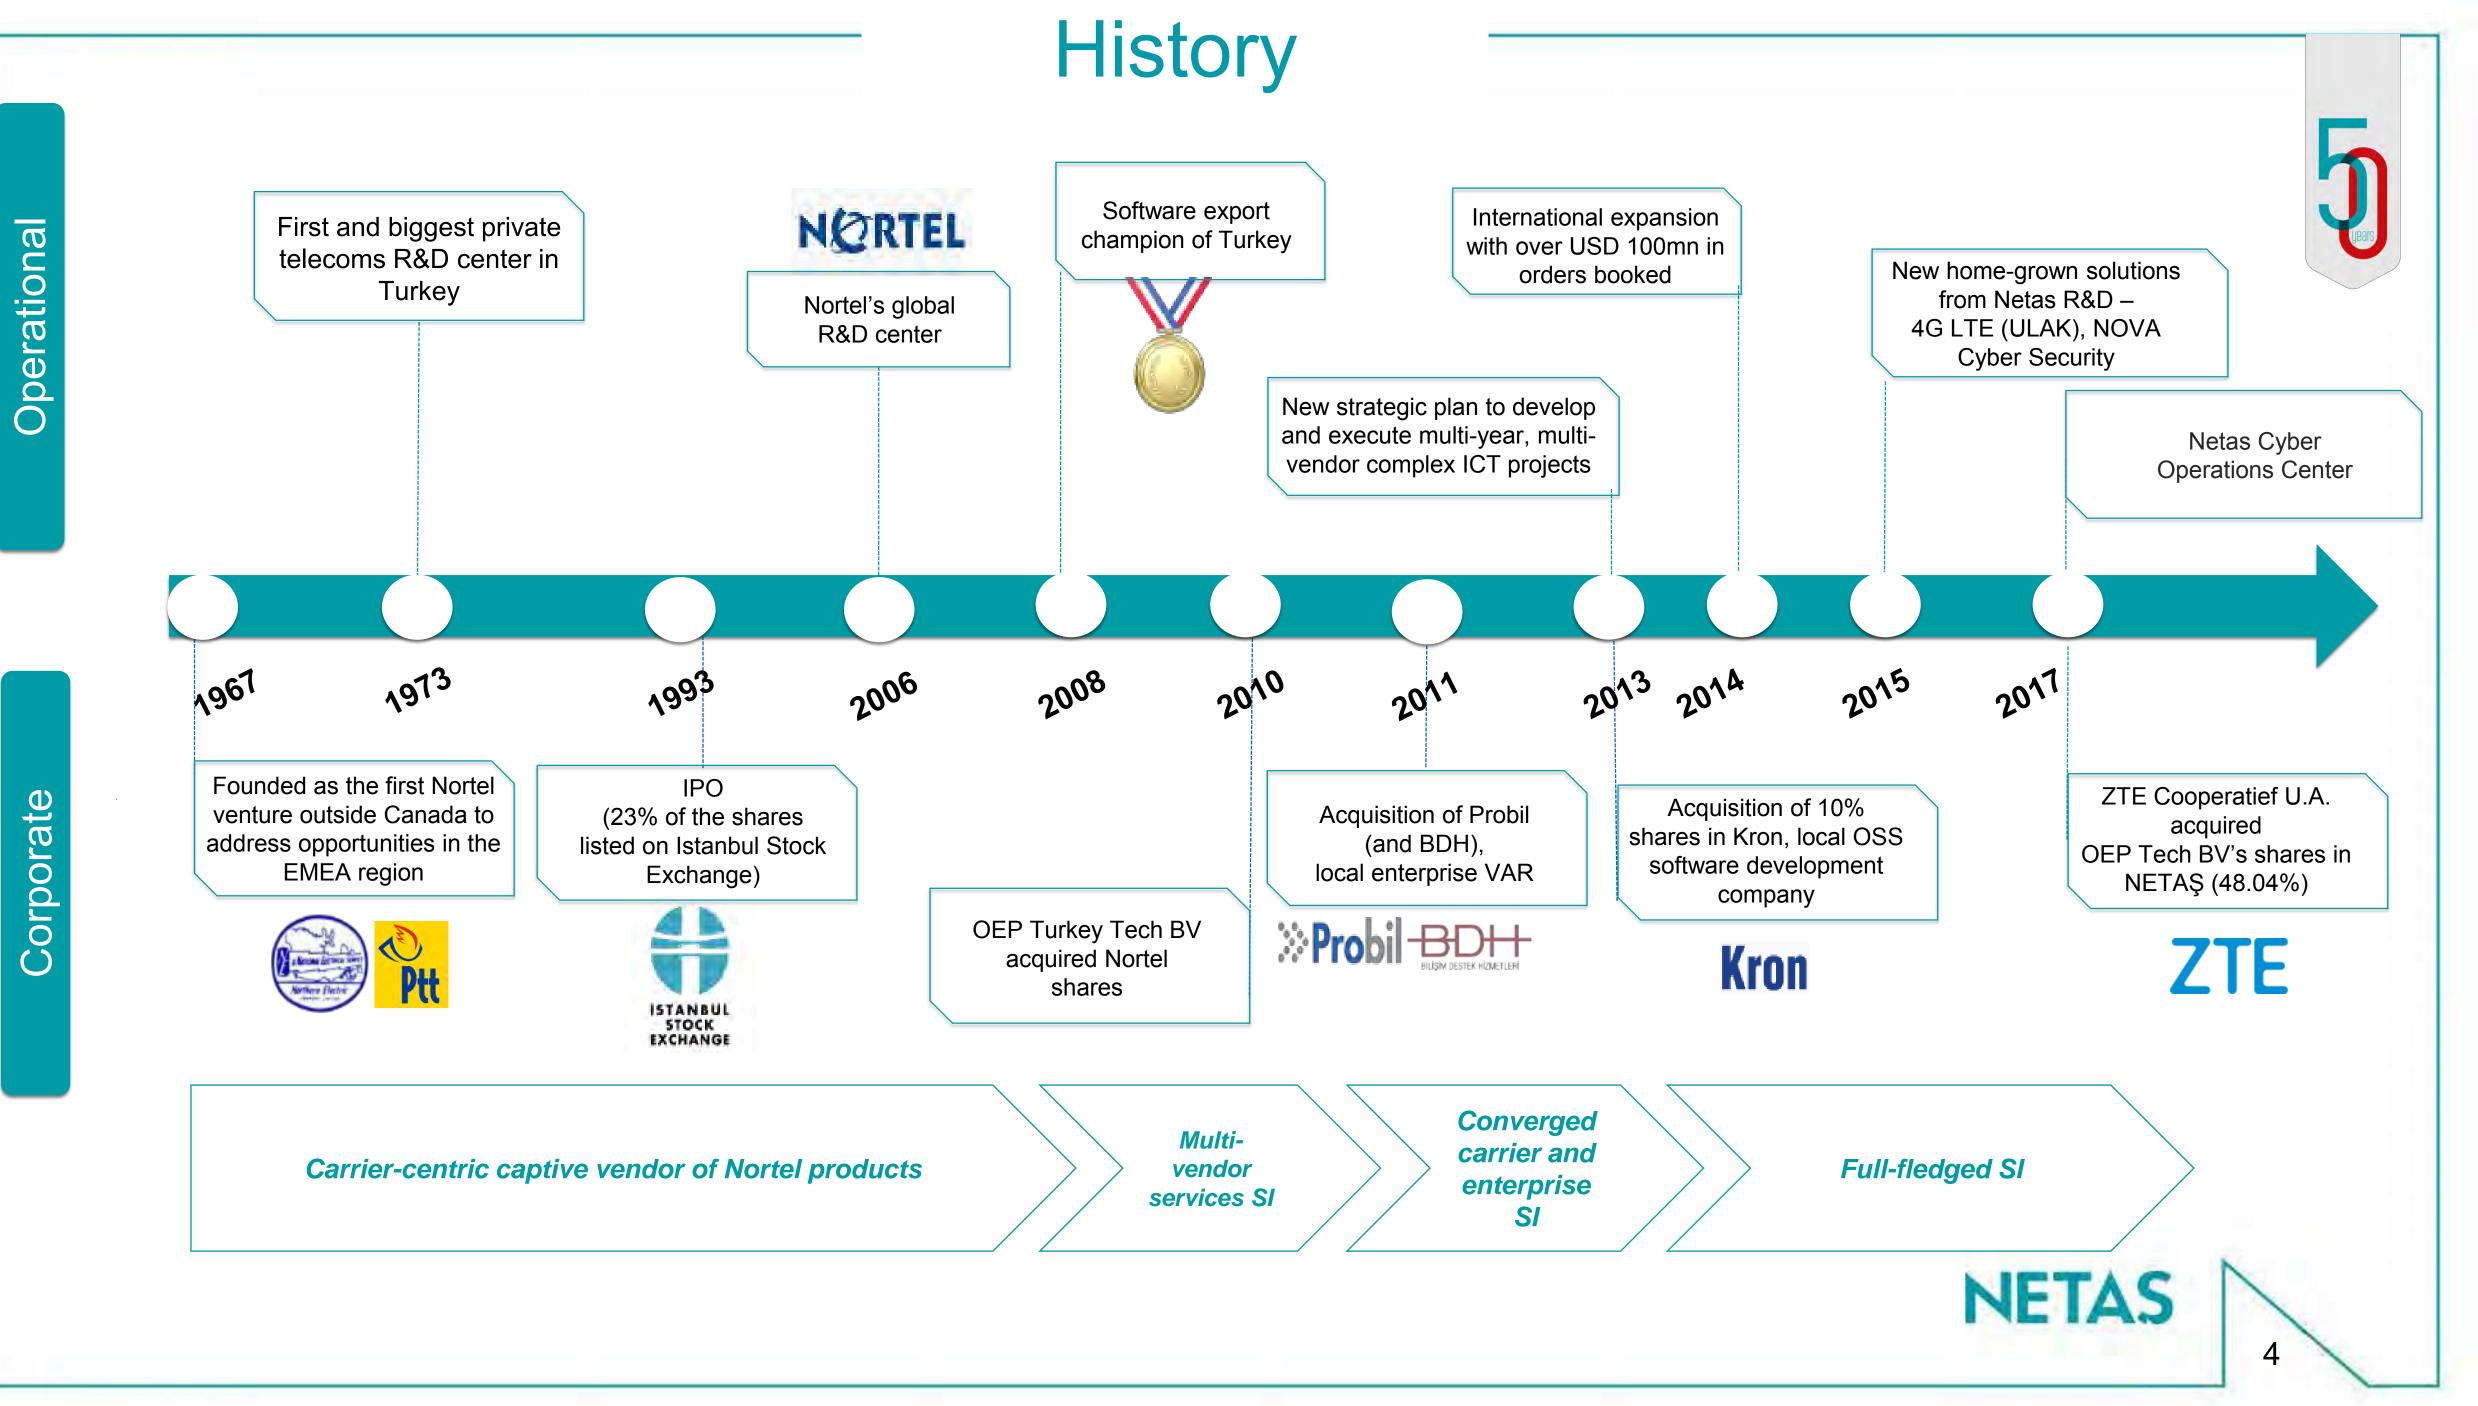

Poised to act as «Regional Hub» for ICT markets across North Africa, Middle East and the CIS

Accelerating Footprint

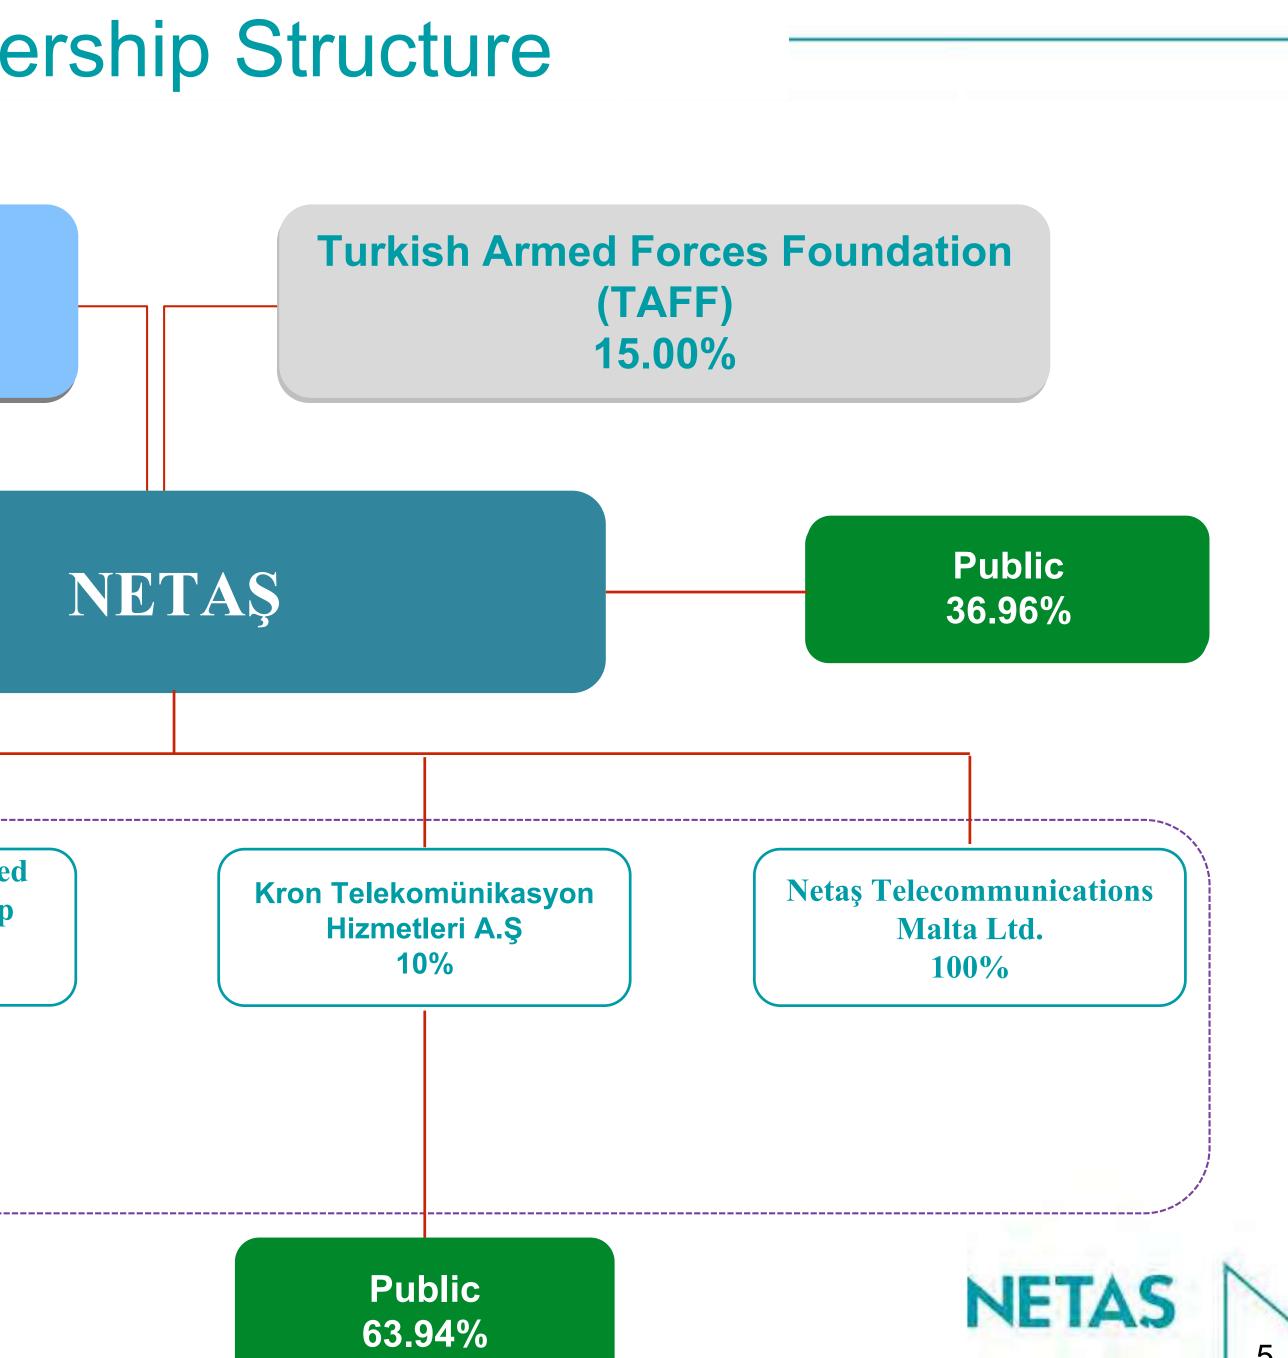

International markets including Technology segment constitute 20% of our total sales revenue

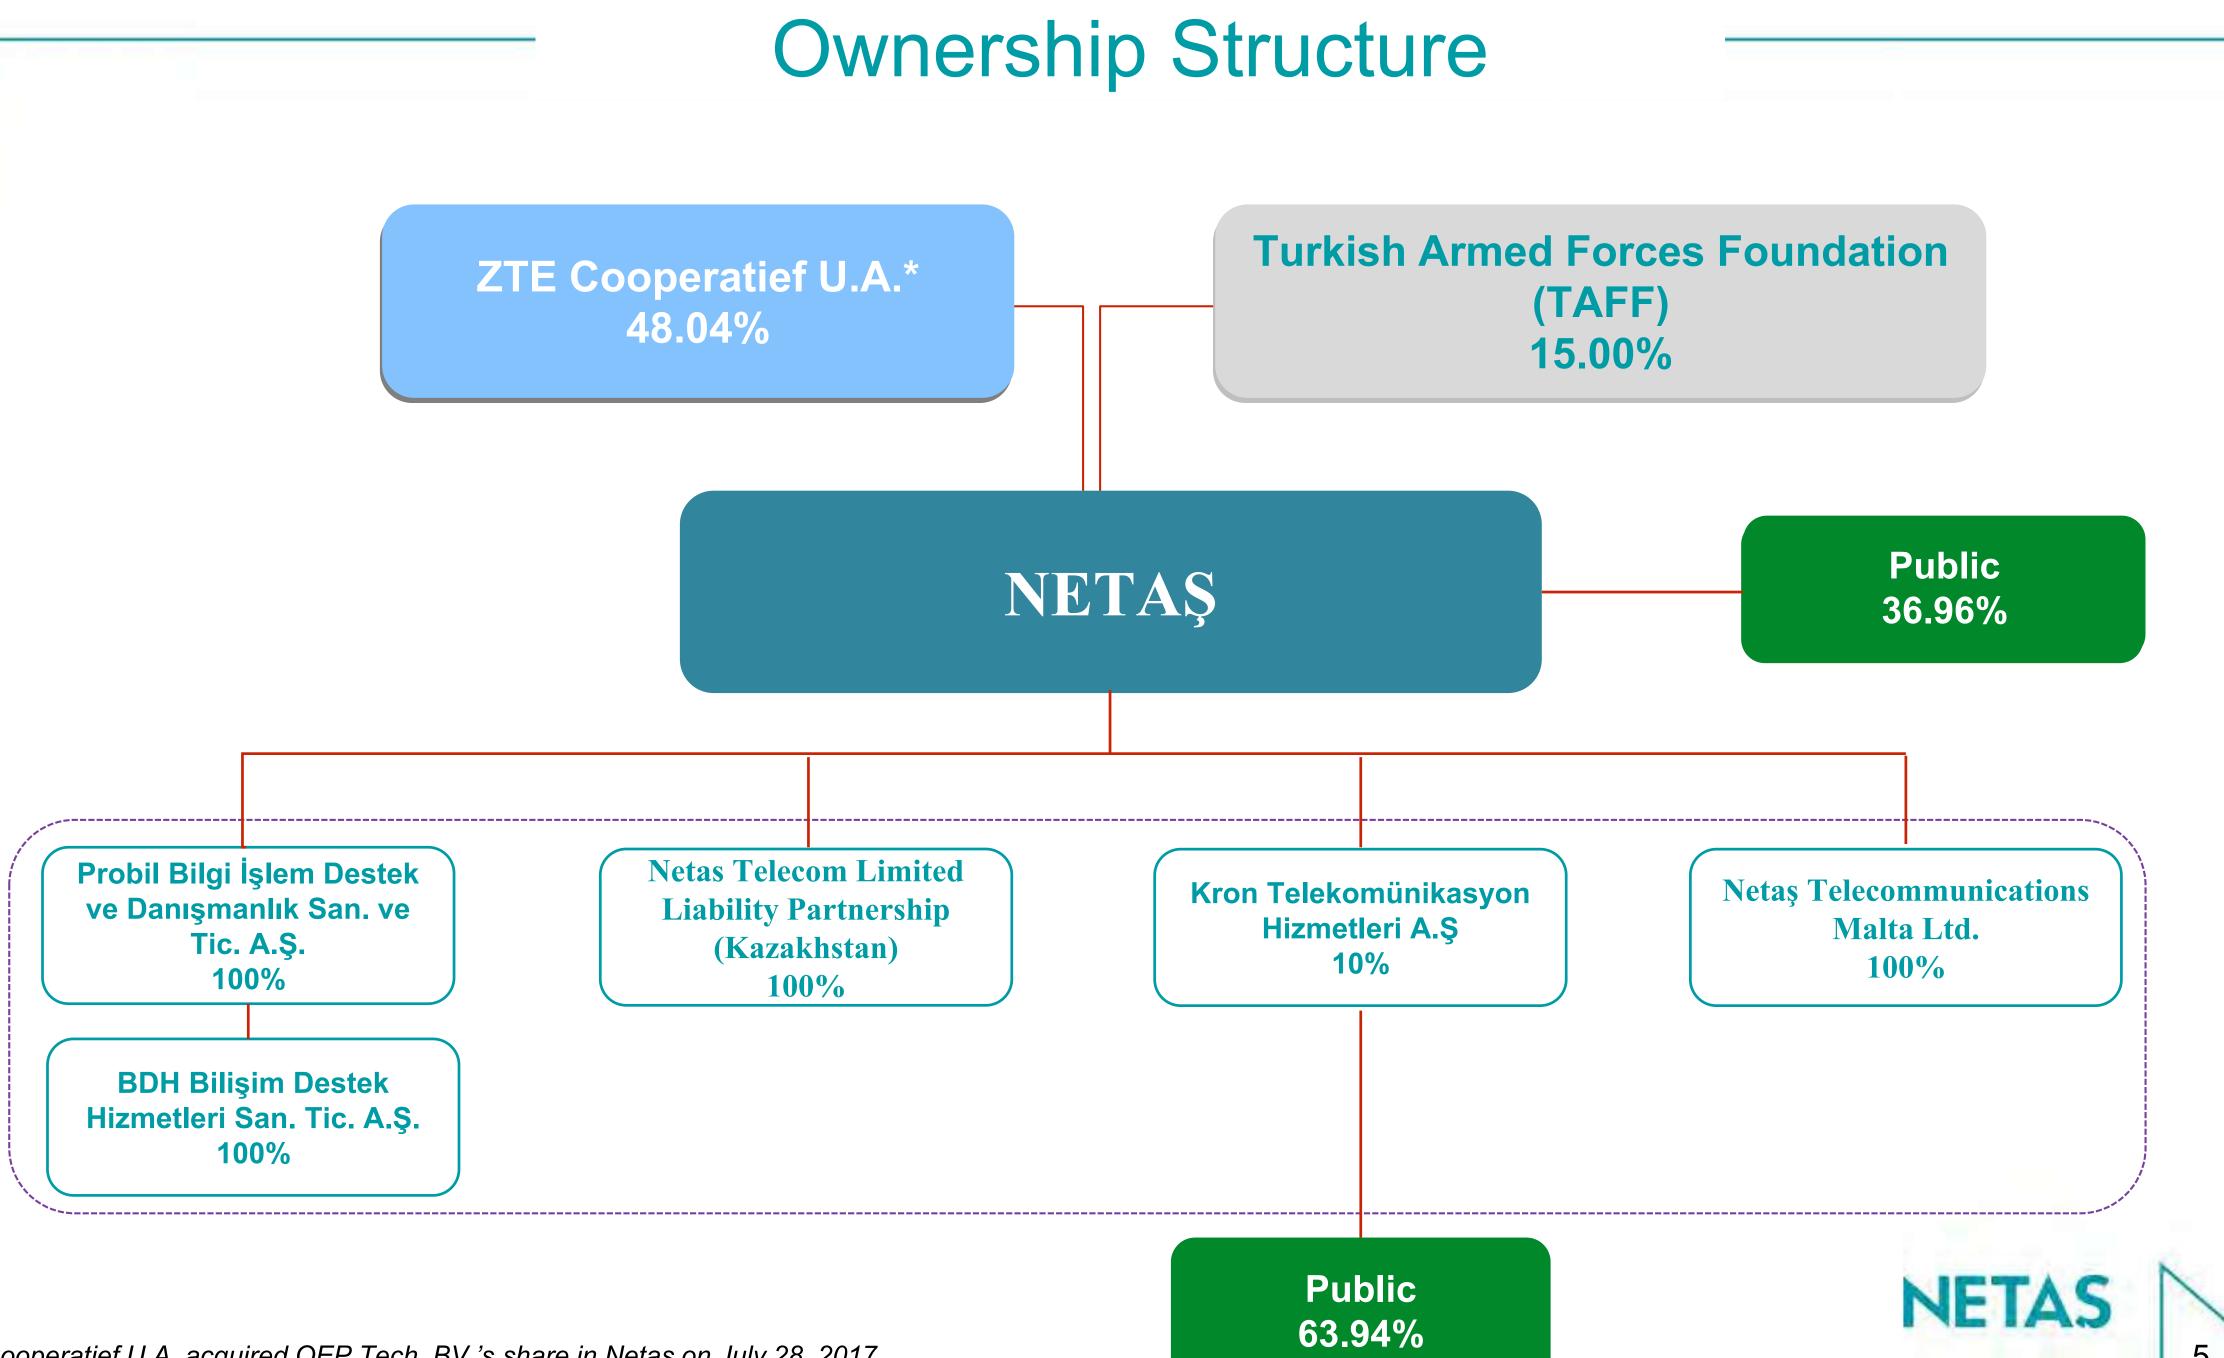

48.04%

* ZTE Cooperatief U.A. acquired OEP Tech. BV.'s share in Netas on July 28, 2017.

About ZTE **ZTE Provides Products and Services in 160+ Countries**

- 81K total resources- c. 30K in R&D.
- 107 global branches
- 8+1 global logistics centers, 15 global training centers
- 1 global customer center, 6 regional customer centers, 46 local customer centers
- More than 10K+ post sales resources, 3K+ local contracted partners
- Collaboration with 500+ Operators globally
- China's first A to H listed company: Shenzhen as an A-Share Stock in 1997, Hong Kong as an H-Share Stock in 2004.
- ZTE's full-year revenue rose to RMB 101.2 billion (USD 16.2 billion) in 2016, bolstered by growth in the company's Carrier Networks and Consumer Businesses.
- ZTE has filed more than 1,500 5G-related patent applications and 20K terminal-related patents globally.
- As a global leader in Pre5G commercialization and 5G technology, ZTE released full range of 5G pre-commercial base stations, accelerating 5G industrialization.
- Telecom, Telefonica, Deutsche Telekom, U Mobile, China Mobile, China Unicom and China Telecom.

• ZTE signed strategic partnerships on 5G development with the world's top telecommunications carriers including SoftBank, Korea

ZTE as NETAŞ' Shareholder

One of the biggest technology development investments in Turkey

This transaction will;

- > strengthen Netas' product and service capabilities and support growth in Turkey and in international markets
- > enhance ZTE's service capabilities to customers in Turkey as well as several key overseas market
- further strengthen Netaş' global software solutions business
- Ieverage ZTE global footprints
- \geq give ZTE a regional hub to support operations in Turkey and neighboring countries

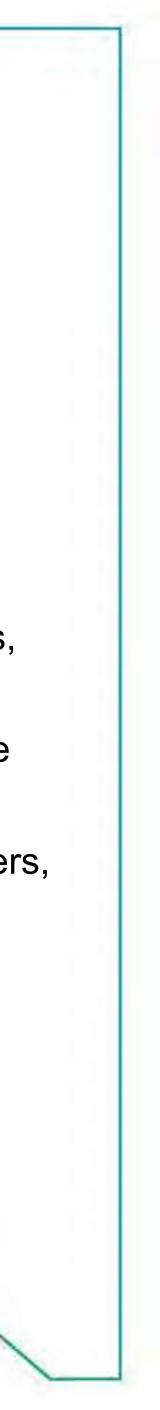

R&D collaborations with Netaş;

- > ZTE's vision, knowhow and patent portfolio, along with Netaş' expertise in VoIP, IT, GSM-R, cyber security and other technologies, will bring more exciting solutions and breakthroughs to the ICT industry
- > ZTE will assist Netas to strengthen its R&D capabilities and support Netas' current 4.5G solutions to make ULAK more competitive globally
- > Netaş will not only have access to ZTE's solutions developed for telecom service providers, public sector institutions and consumers, it will also carry its innovative solutions such as IoT platform to ZTE's global customer base
- > Netaş and its customers will also benefit from ZTE's existing project financing agreements

Vetas will remain committed to its corporate values, to delivering the best value and service levels to clients, to working closely with existing suppliers and to nurturing developed-in-Turkey innovations

ZTE has a long-term strategy in Netaş and Turkish ICT market

Business Overview

End to end SI

✓ Full solution sales with services attached ✓ Technology consultancy

Complex multi-year multi-million dollar transformation projects delivered

> Tailored for customers

Services

- ✓ Managed Services
- ✓ Deployment and I&C
- ✓ Support/Maintenance
- ✓ Warranty, repair

Servicing customers across **Turkey and the Region as per** SLA's and high quality standards

> Widespread & Reliable

Business Focus Area

Innovation

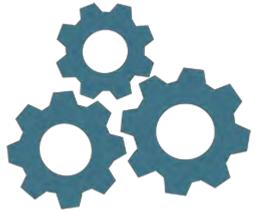

Own Products & Solutions Custom Software & Application Homegrown 4G LTE solution

Constant innovation & championship in patent applications – applied for 220 patents in the last 3 years

Manufacturing

- ✓ Telco hardware firmware – software production in niche verticals
- ✓ Repair center

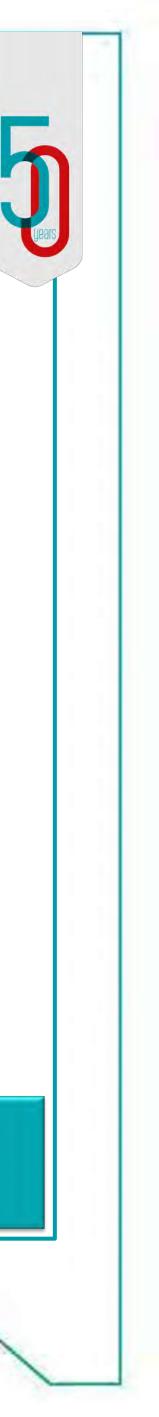

Development of Hardware & software and customized products in 10K sqm facility

> As per global standards

> > 9

700+ R&D engineers

Reputable and trusted brand in the region

Main Territories

North Africa, **Turkic Republics** and Asia Pacific

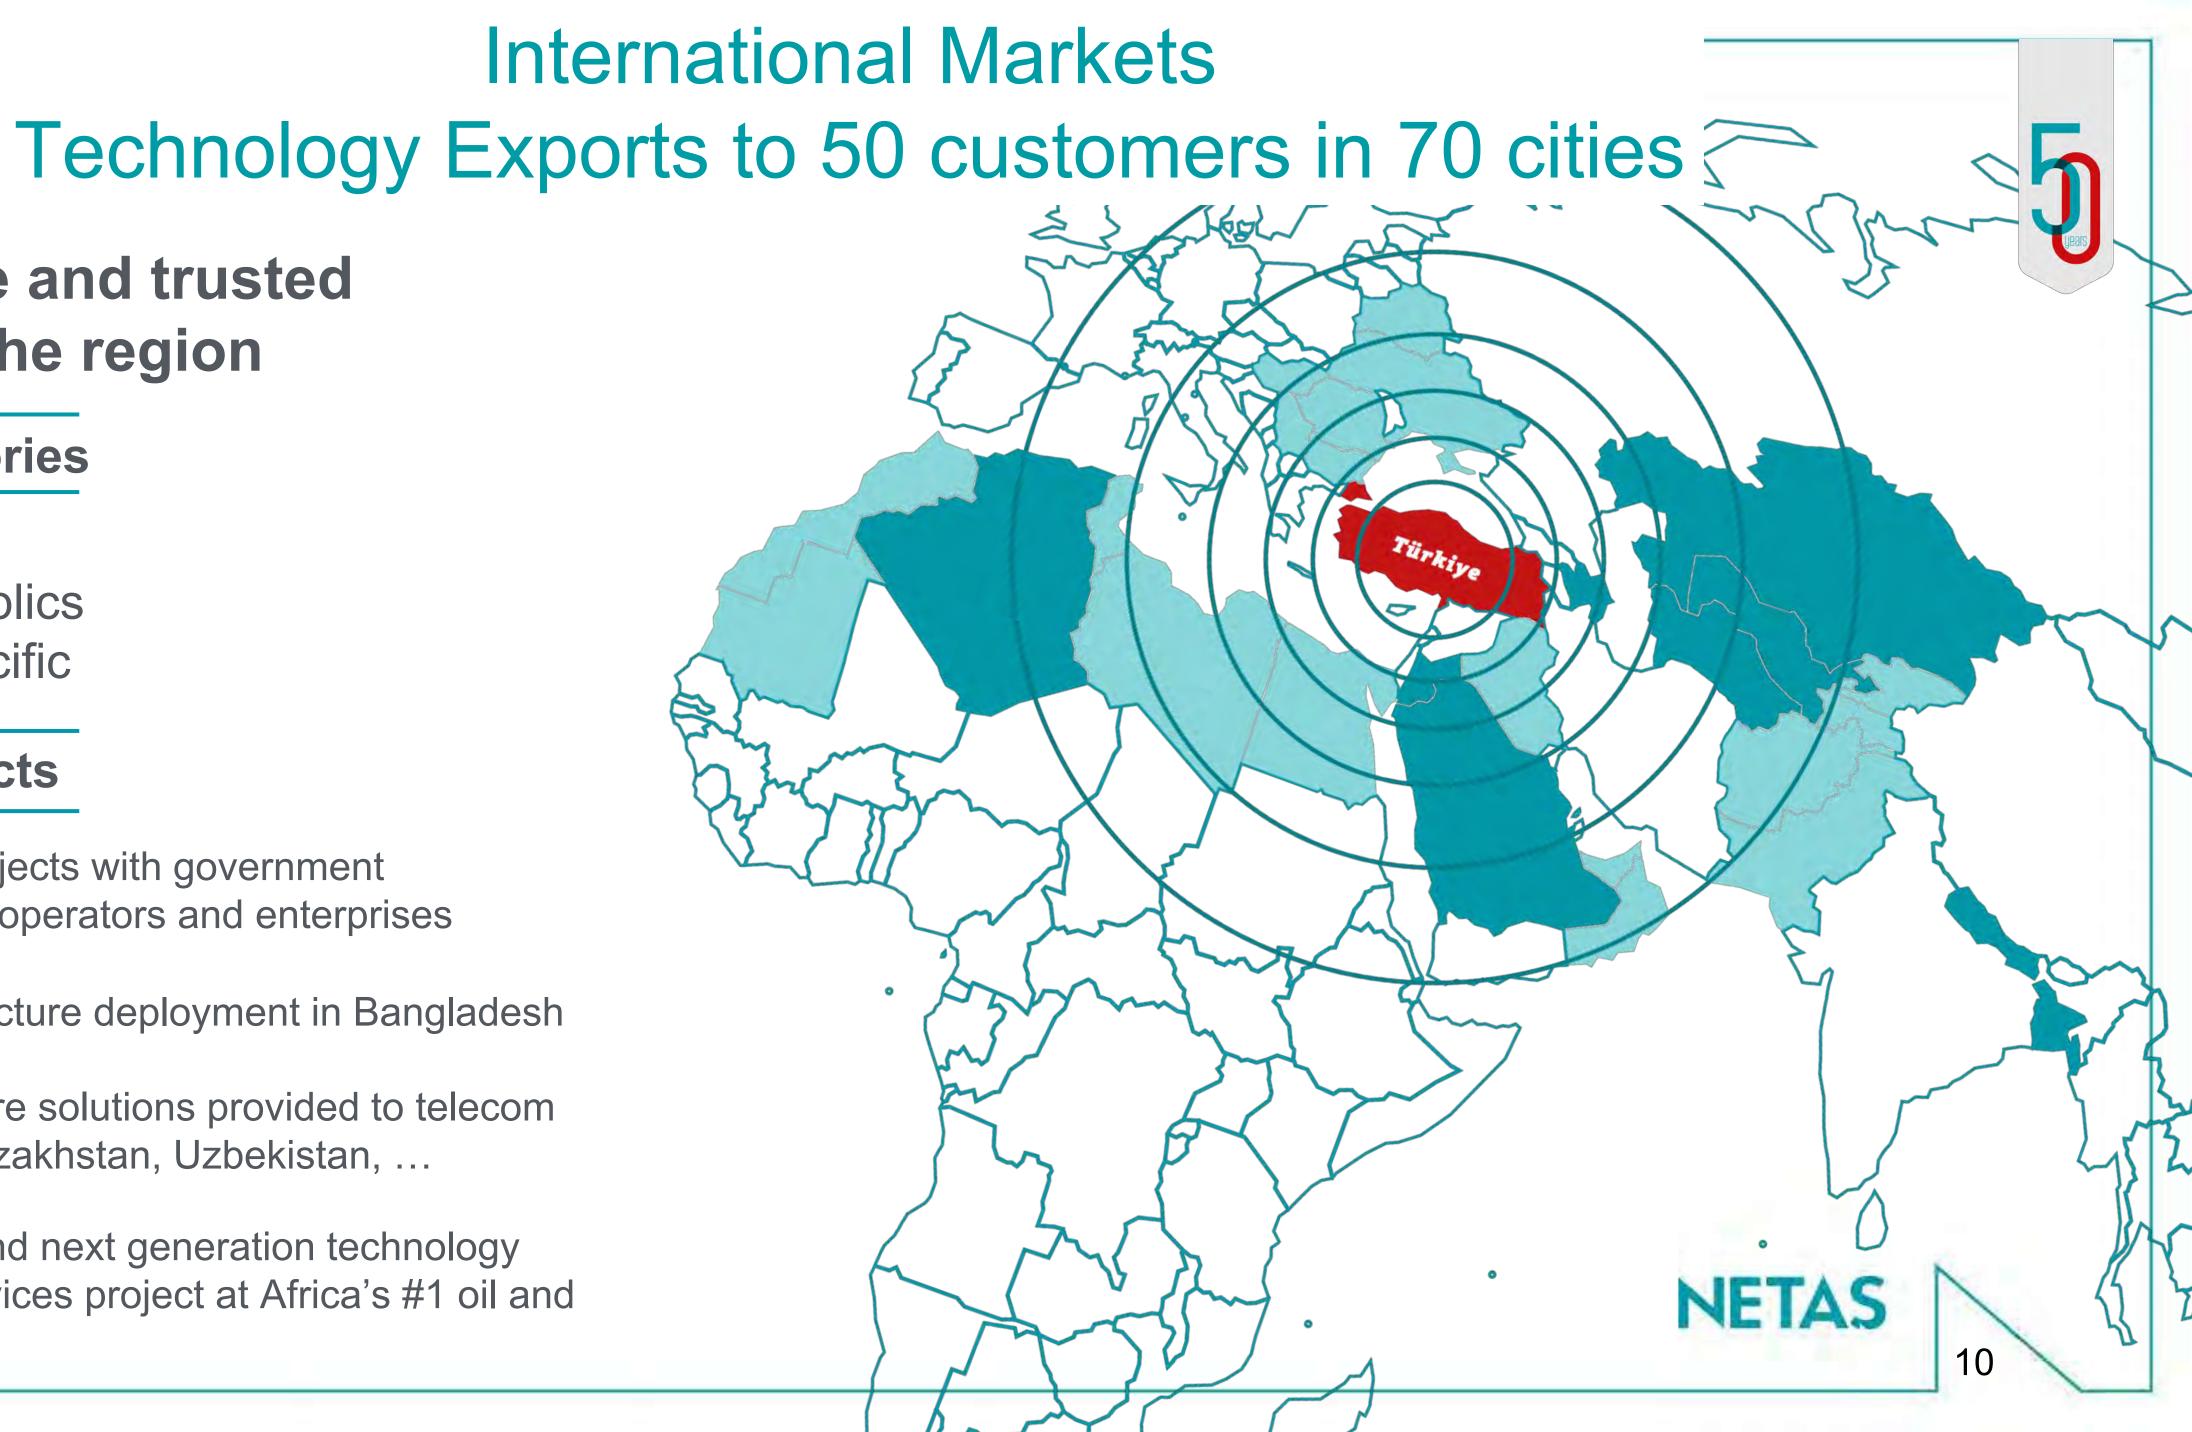

Major Projects

- Significant projects with government entities, mobile operators and enterprises in Algeria

- Optic infrastructure deployment in Bangladesh

- IP infrastructure solutions provided to telecom operators in Kazakhstan, Uzbekistan, ...

- Data center and next generation technology solutions & services project at Africa's #1 oil and gas company

Selected Smart Projects

Vertical Sector Focus

Telco

Public

Providing services to major **telecom** service providers in Turkey. Also serving major operators in the **CIS**, North Africa and Bangladesh

Preferred ICT provider to the Turkish government & public safety ecosystem; large share of wallet in major public ICT projects. Strong footprint outside Turkey, including contracts with the **Algerian Ministry** of National Defense

Finance

Addressing majority of the IT infrastructure within major **banks &** financial institutions in Turkey; 5.000 bank branches being served nationwide

Sports and Entertainment

Energy

FMCG

Executed the first smart stadium project for Turkish **Football Federation** in 44 football stadiums

Designing and delivering ICT solutions for the top energy companies

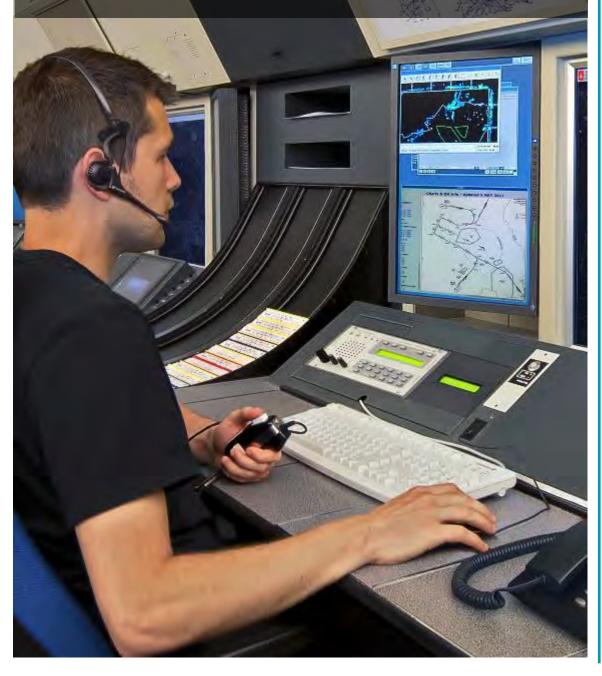

Sector Focused Smart Solutions

Public Sector

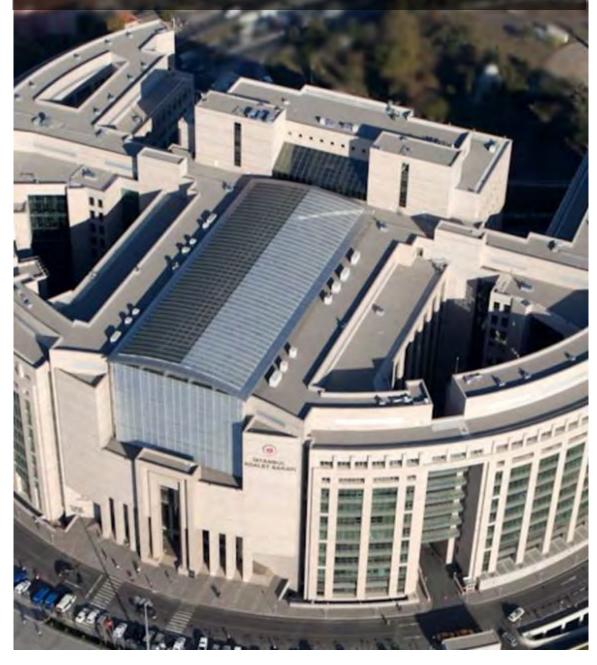

Disaster and Emergency Management

Managing multiple decision support mechanisms of the government from a single interface during disaster and emergency situations

Audio - Visual Unified Solutions

Increasing the effectiveness and efficiency of the Turkish judicial system with unified communications

Digital Transformation in the Educational System

Empowering the Ministry of Education within the scope of FATIH Project by providing best-of-breed ICT infrastructure and solutions

Sector Focused Smart Solutions

Finance

Unified Communication Solutions

Turkey's biggest cloud based unified communications project deployed at one of Turkey's leading banks

Aviation and Transportation Energy & Utilities ICT Infrastructure at **Energy Solutions Istanbul New Airport Establishment and operation** Automatic counter reading of all information and systems, smart grid communication infrastructure solutions and IT of Istanbul New Airport infrastructure systems

Sector Focused Smart Solutions

Sports & Entertainment Smart Stadiums Smart stadium projects covering WiFi systems, stadium operation center, camera integrations, e-ticket solutions for 44 stadiums in 26 cities

Telecommunications

Network Optimization Services

Network optimization project with the leading mobile operator in Algeria

Energy

Cloud Technologies and Services Project

Next-generation data center solutions and related technology services to Africa's 1st, World's 11th biggest oil and gas company

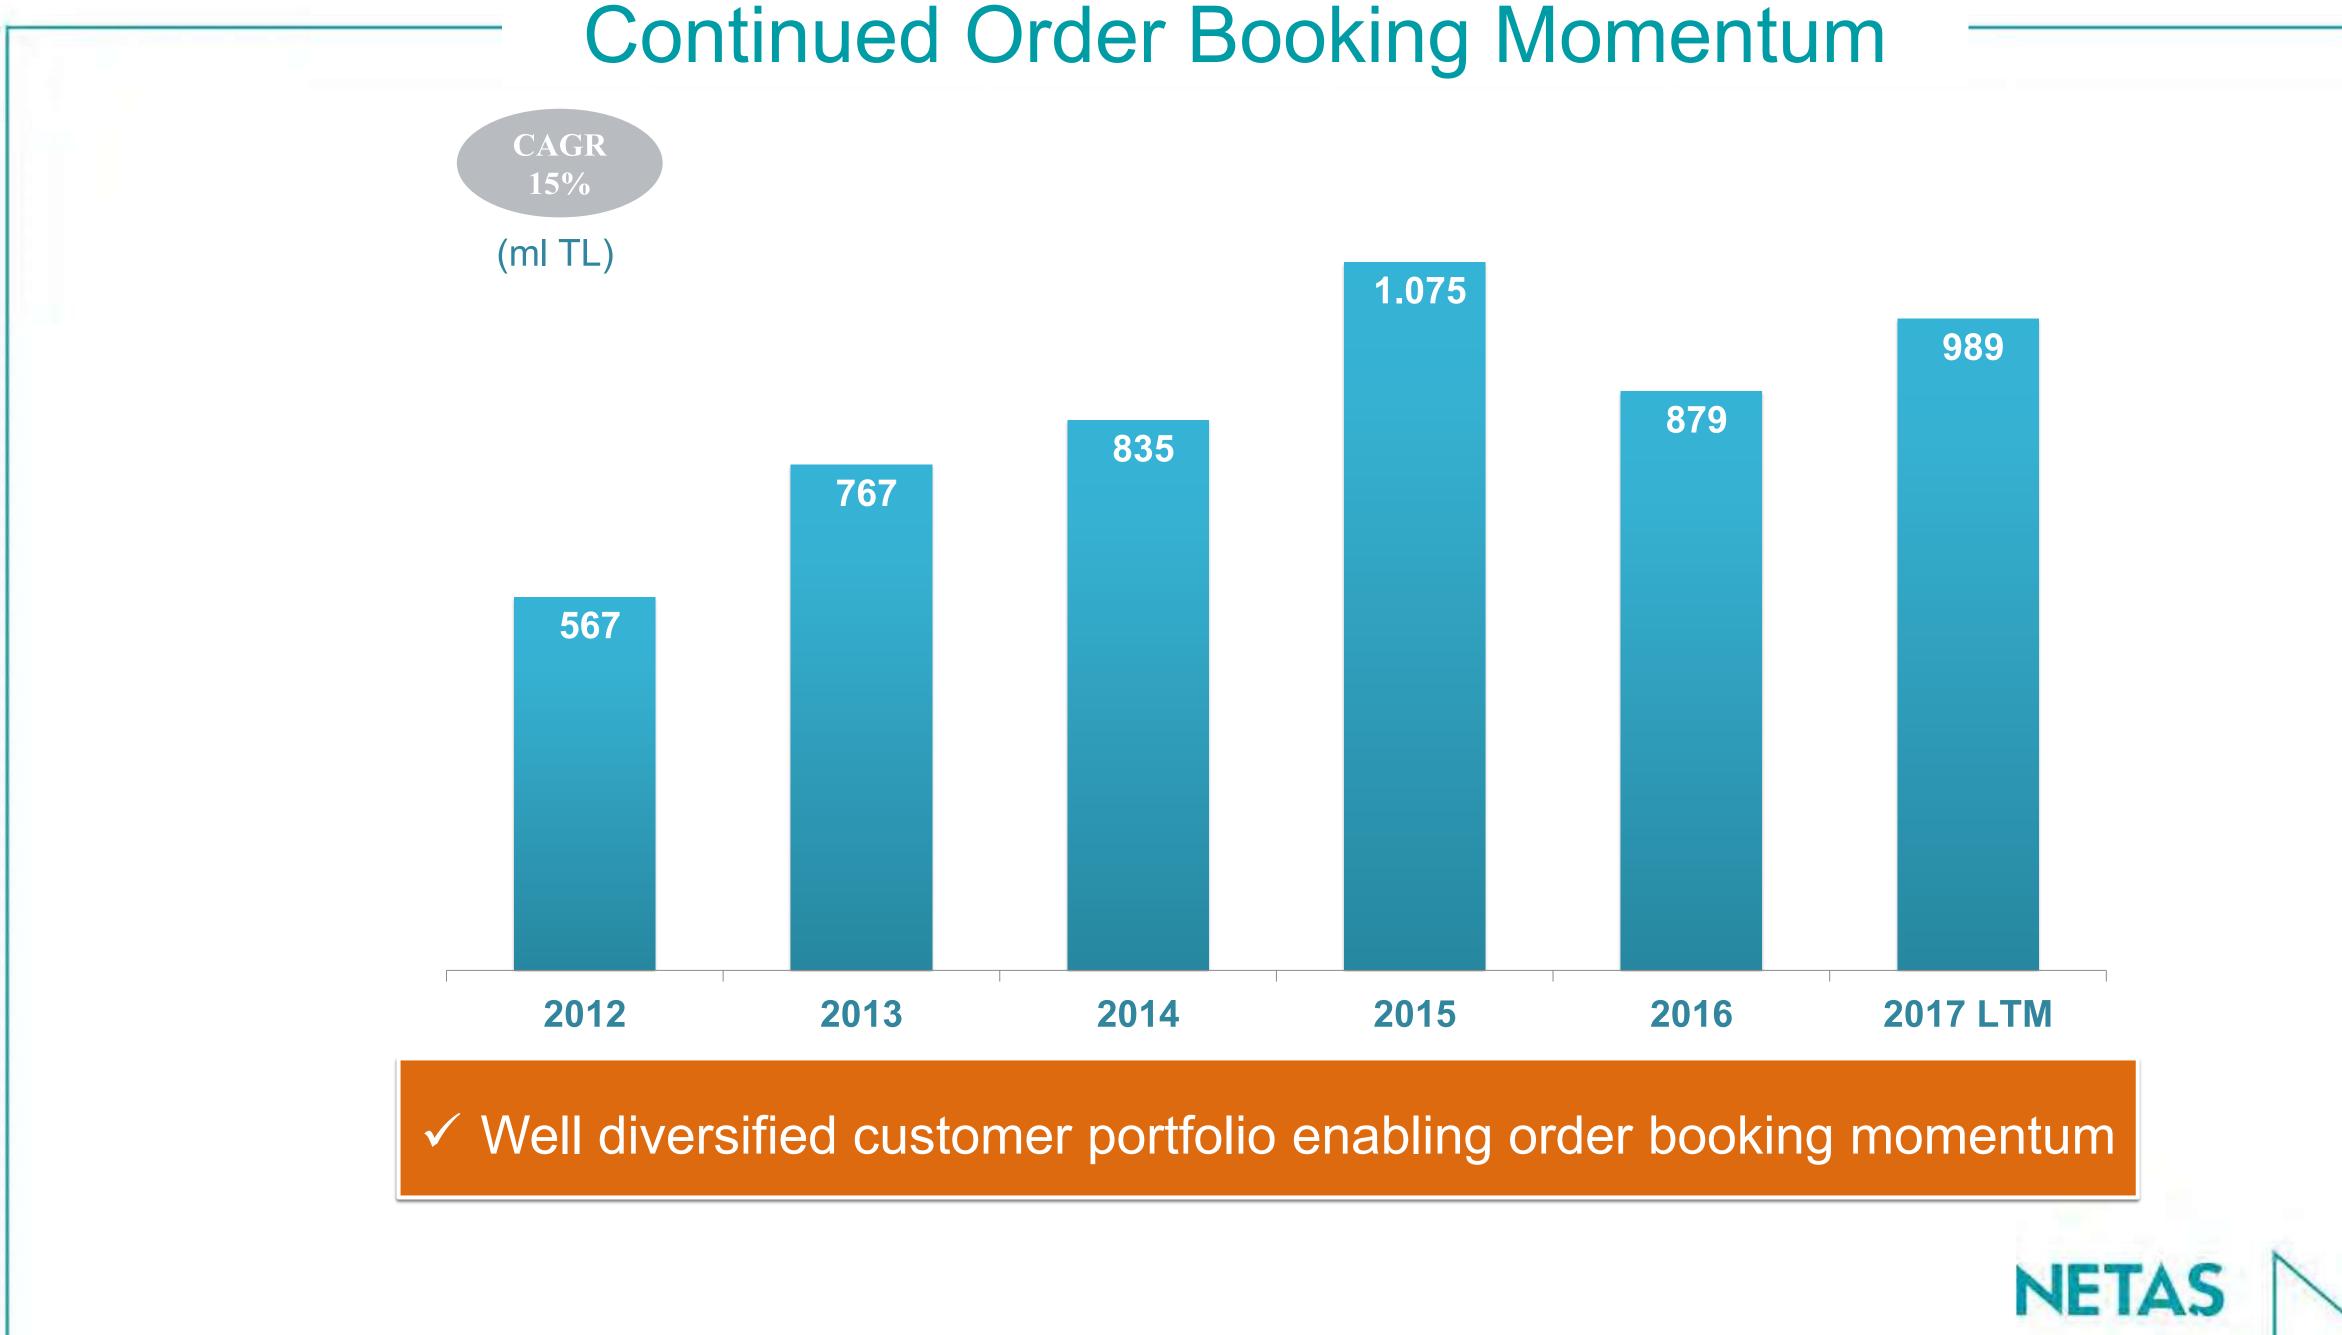

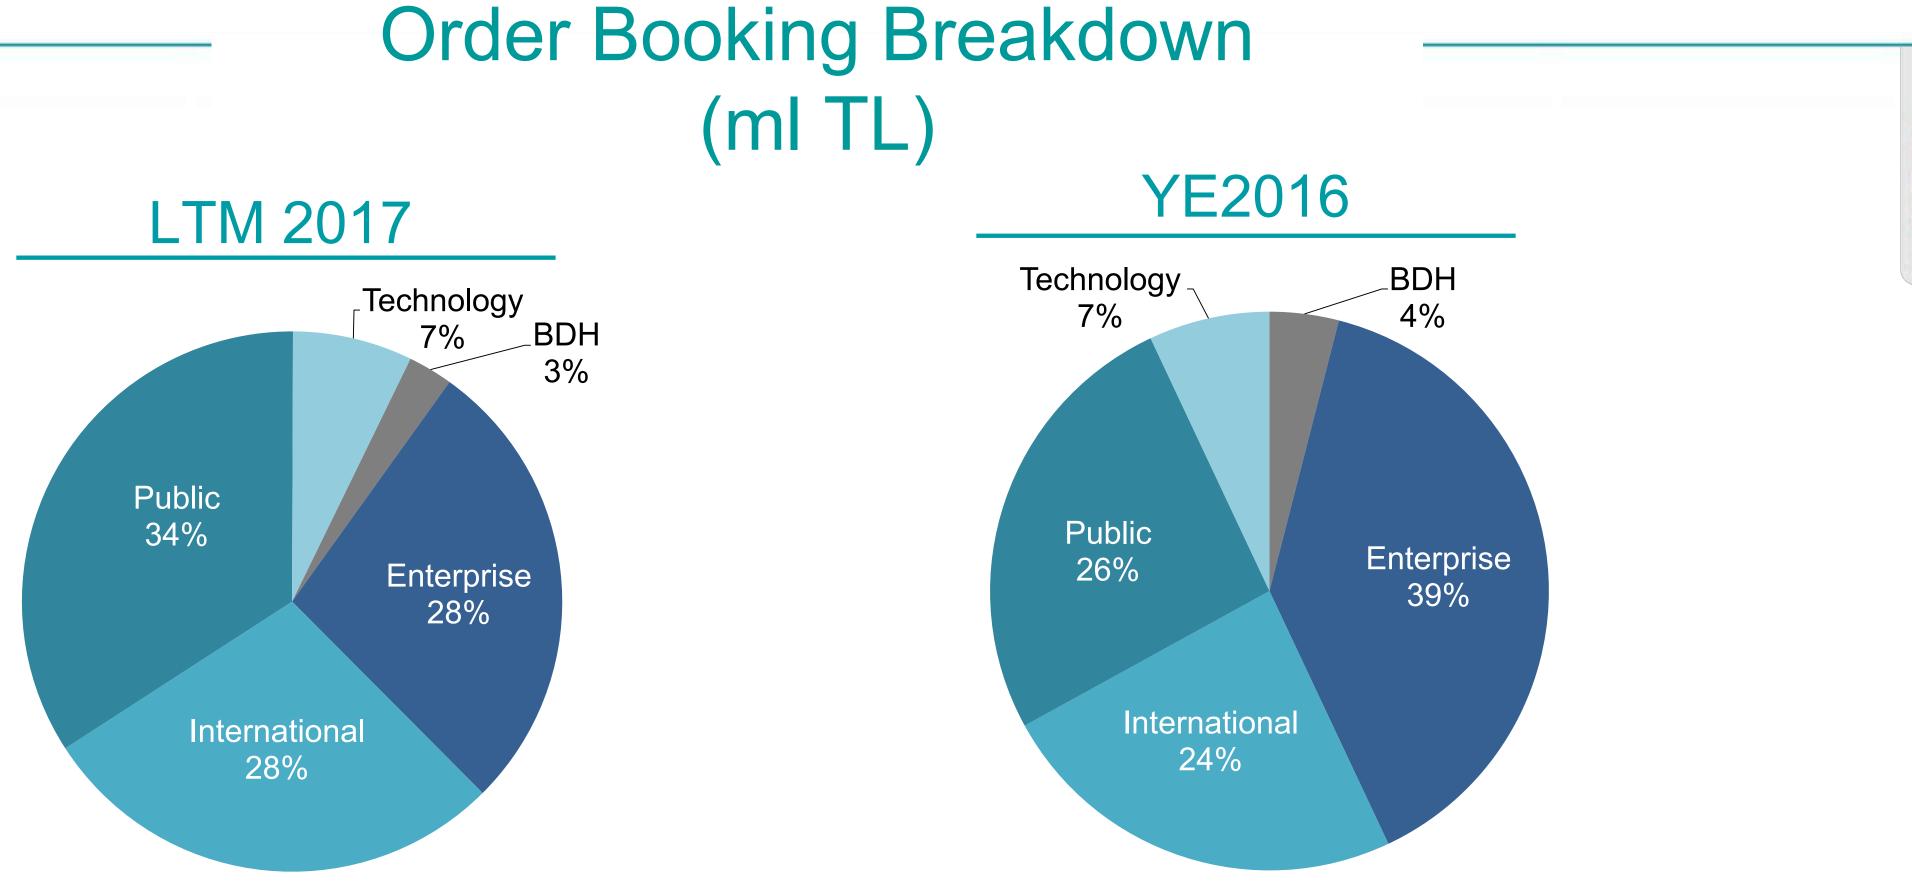

Financial Review

- support of;
- Project for Algerian Ministry of Defense (USD 19.5 million) Phase 2

✓ Consolidated order booking grew by 11% in 1H2017 vs YE2016 with the

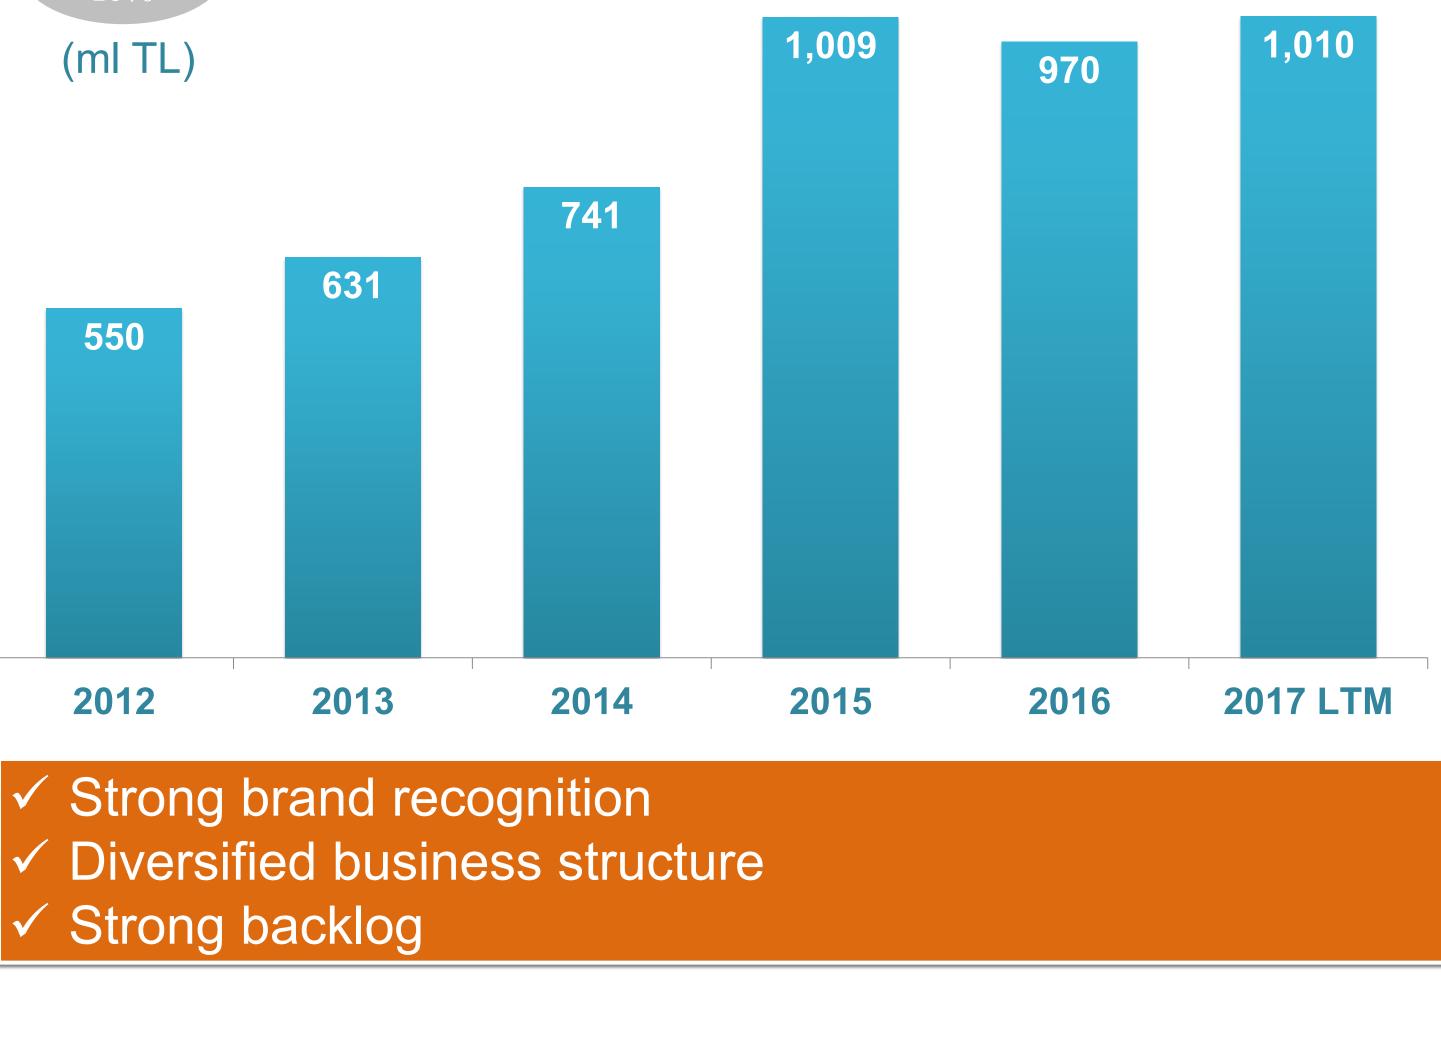

IGA Project (€10.8 million) - installation and operation of the wired and wireless area networks

Strong Revenue Growth

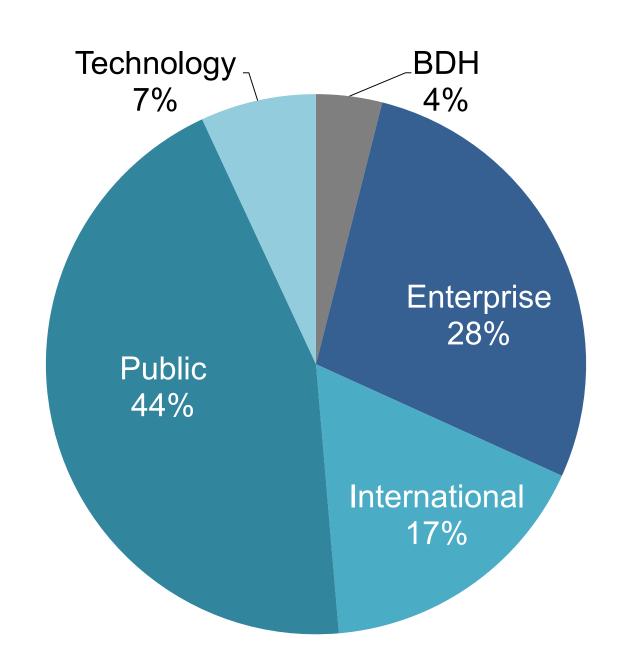

22

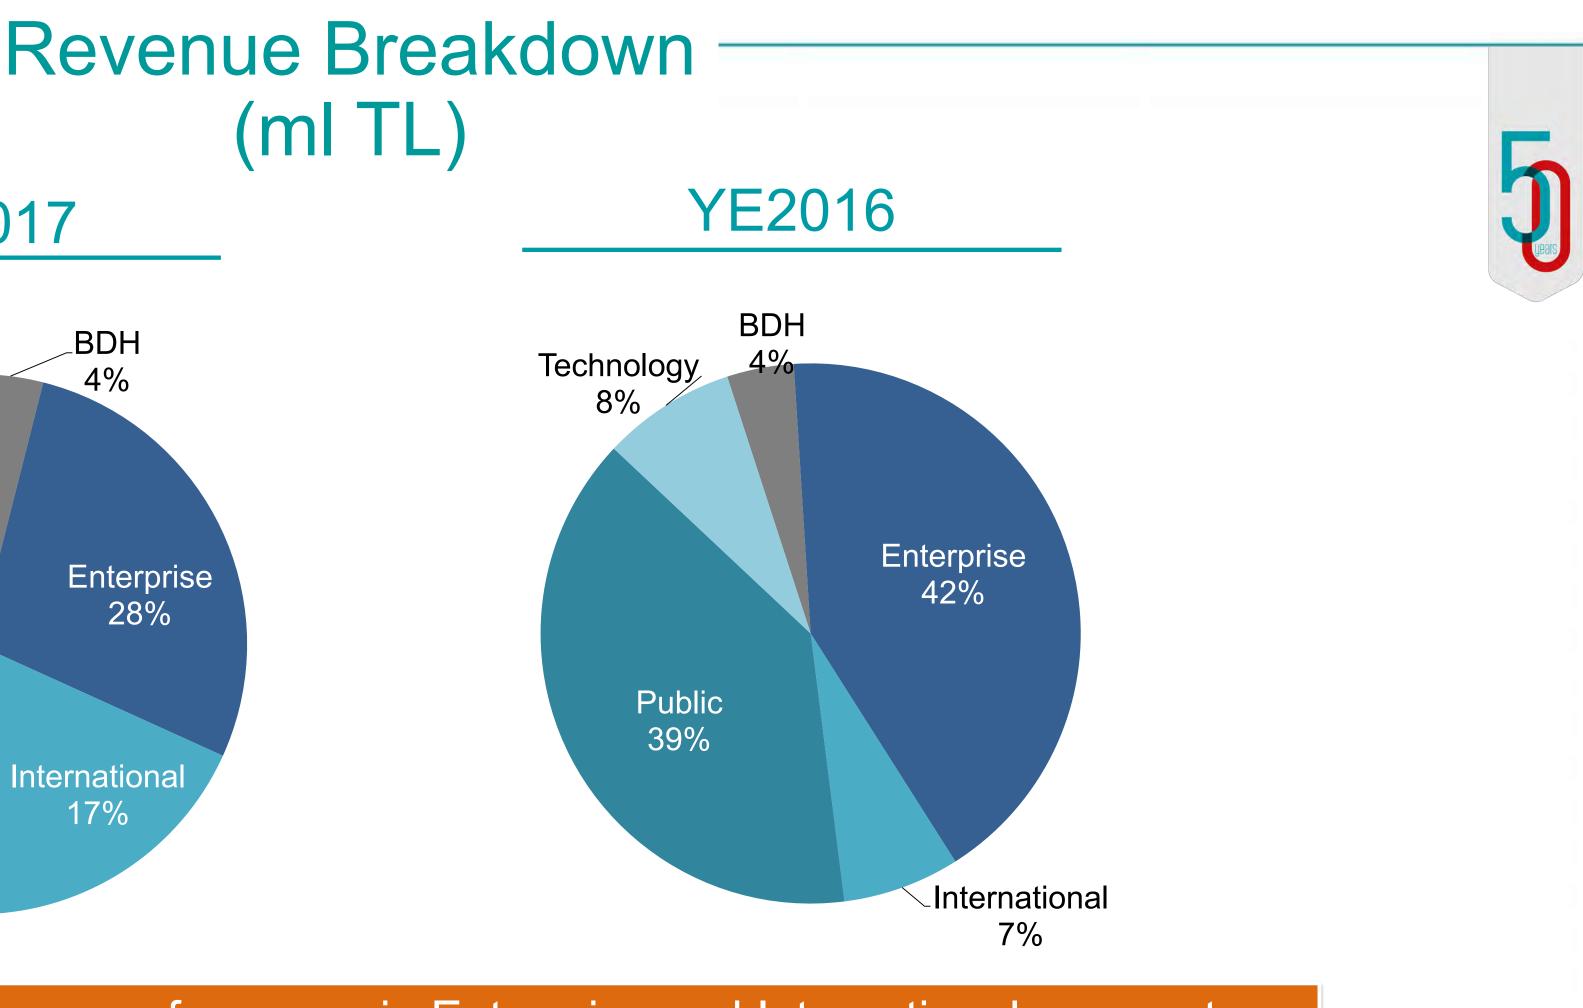

LTM 2017

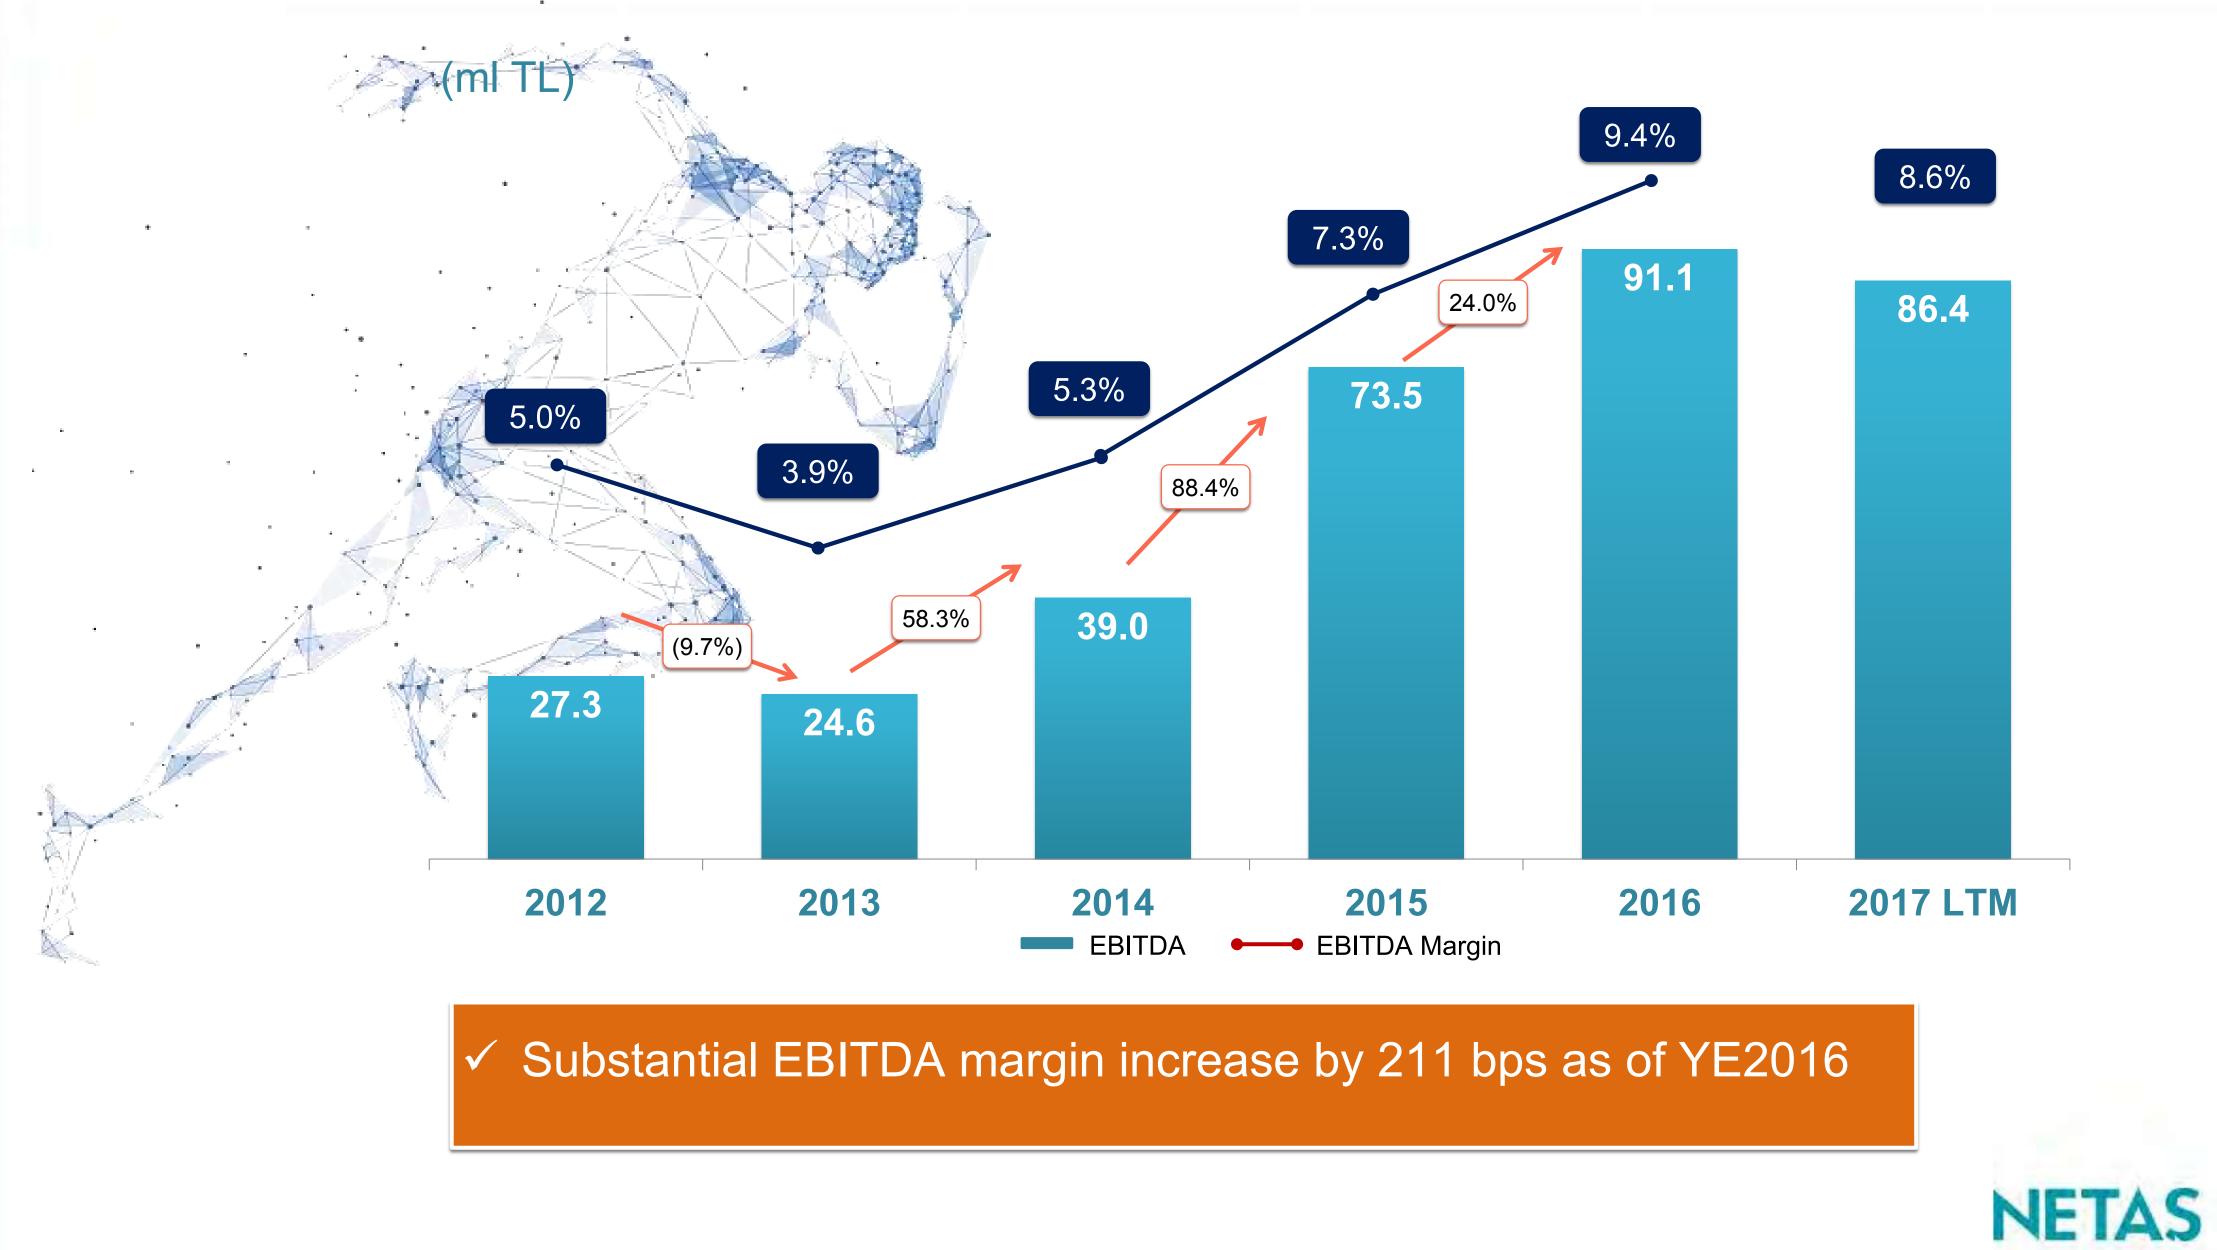

Major projects

✓ Increasing revenue performance in Enterprise and International segments ✓ Improvement in International's revenue by 342.6% in1H2017 ✓ Almost 15% of total revenue generated from International operations

Sustainable EBITDA Growth
